

EVERY NEW SEA PRO BOAT FEATURES 5 YEARS OF:

Battery Monitoring

Continuously tracks battery voltage for both high and low levels.

Boat Towing

If an issue can't be resolved during a call, our agents will get you towed back to your dock or ramp. Restrictions apply.

GPS Location

Monitor your boat's location anywhere, anytime.

24/7 Mechanical Advisory Helpline

Breakdown on the water? Call our advisors 24/7/365, and we'll get you back up and running. Video calls, too.

Bilge Alarms

We monitor your bilge for high water levels, alerting you if levels rise unexpectedly.

Theft Prevention With Protect Mode

Activate our Protect Mode and if your boat moves over 100 yards, you'll receive an alert and call from us.

Theft Recovery

Our theft recovery software assists authorities in tracking down your boat.

Insurance Approved

Our device may help you secure insurance or discounted rates.

Round-the-Clock Support

Our live operators based in US are available to assist you, anytime, 24/7, even on weekends and holidays. We will answer your call in seconds.

Mobile Application

We offer a consumer-friendly app for round-the-clock monitoring.
